Alexandria, VA 22313-1450

Sir:

The above-identified patent application published as U.S. patent application publication no. 2007/0084457 A1 on April 19, 2007. The publication identifies a single individual as the inventor of the present application. This is a material mistake made on behalf of the patent office.

The inventors of the present application include: Peter Wiedemann, Thomas Schreiner, Frederic Renaud, Pascal Gluck, and Simon Kastra.

The header on the first page of the publication identifies a single individual, “Wiedemann,” as the inventor. The header should identify “Weidemann et al.” Additionally, the caption on the first page of the publication lists a single individual, “Peter Wiedemann, Klosterlechfeld (DE),” as the inventor. The caption should list all five of the above-identified individuals.

Applicants undersigned representative has checked PAIR and the application data sheet and the declaration documents submitted to the patent office list the above-identified five individuals as co-inventors of the present application.

This request is made within two months of the publication.

Appropriate correction is respectfully requested.

Respectfully submitted,
MARSHALL, GERSTEIN & BORUN LLP

May 11, 2007
